## BUSINESS NOTICE.

Arriver at Montgomery at .

WE announce to our former friends and patro that we have disposed of the NASHVILLE UNION & AMERICAN Printing Establishment to F. C. DUNINGTON, hitherto one of our firm, and Ina P. JOKKE, one of the editors of the Nashville Deils Patriot, up to the time of its suspension. These gentlemen will conduct the business in future They will fulfill all unexpired, paid subscription which were due from the paper at the time of its

We cordially recommend the new proprietor to the confidence and support of the public, and ask in their behalf a renewal of the liberal patronage for so many years extended to us. We respectfully request all those indebted to us on any account, to make early sattlement. We will have an Agent at the old Counting Room

## PARTICULAR NOTICE.

To the old subscribers of the UNION AND AMERI-CAN, and the Nashville Patriot.

Clearch street, opposite the Post Office.

We have made "brrangements with the former Proprietors of these two papers to carry out their contracts for all unexpired subscriptions, to the exout of the communitatill due. Persons falling in this category will please no-

iff us at once of their names and Post Office ad-

send us their receipts, upon which we will enter their names with the proper credit and forward the paper according to their direction. Address "Proprietors of the Union and Ameri-

OUR THOROCHUFARUS. - The late rains have ren dered many of our streets very unpleasant, by reason of the mud and fifth which has accumulated. The proper city authorities are, however, giving their attention to this matter; and we were pleased to notice yesterday morning a number of men engaged, in various localities, in cleaning the streets. In Summer street, the contrast between the appearance of the street after eleaning and on account of facilitating travel, but also on account of the annitary benefit to be derived, that tion. Neglect of those matters, besides other disadvantages, tends to bring on disease; and, other things being equal, those cities which are properly freed from fifth and well drained, are much healthier than those in which those measures are

such a state, not only in regard to its streets, but also in respect to every sanitary reform, that its appearance may be a source of pride to our citizens, and its beneficial results become apparent is the increased degree of health which will per vail. We are informed that there is a commensable disposition manifested on the part of the military authorities to aid in this matter, in furnishing wagons and carts to earry off the mud and refuse matter gathered from the streets.

Many other cities throughout the country ar paying particular attention to these things as a scourge, cholera. It is conceded by medical men who have given this subject special attention, that proper policing and drainage tend yers greatly to prevent the attacks, not only of cholers, but also of kindred diseases. The old adage, "An onnes of preventive is worth a pound of care,"

NASHVILLE COMMUNICIAL COLLEGE,-The Commercial College in this city, on Church street be tween Summer and Cherry-a link of A. Bryani has been in operation only about six weeks, and already has some forly pupils, who are under the charge of Mosers, Carson and Earliart,

Arithmetic, Commercial Law, and Book-ke-q ing, are the principal branches taught. Particular attention is given to penmanship, which is under the direction of Mr. A. L. Carson, one of the firm. It is the intention soon to add a telegraph and post-office department. The text books used are Bryant and Stratton's works, which seem to be well calculated for imparting instruction in the several branches

A business monthly is published, giving full partientars in regard to the character of the institution. We believe the time necessary to complete the course is from three to four months, according the capacity of the individual,

RECORDER'S COURT.-Several cases of drunker ness were disposed of in the usual manner. ## Report of the Committee on the Nile Works Contract. To the City Council and Board of Aldermen;

We, the undersigned, appointed by resolution a ministee, with power to act in the premises, re pecting the enlarging of the Water Works, by recting new buildings, and new engines, machine y, etc. It is well known to you that a contrawas entered into, dated August 28, 1865, by John Hugh Smith, Mayor, Andrew Anderson and J. B. Knowles, committee, on the part of the corporation, with the Niles' Works, of Cincinnati, for a new engine, which contract it was estimated would and by that means keep our fire plugs in good orpost prwards of \$90,000.

der. At present, the water is obtained from the In the contemplated improvement and enlarging of the Water Works, the former Board of city are out of order, and much labor and expense are government has only gone so far as to contract with the Niles' Works, and to employ an engine to superintend the work. Your committee has arefully investigated the whole subject, and by the sprinkling will not commence till spring, but the authority invested in them, obtained the serv ices of two well known machinists, Noble Elli fit up suitable fixtures for that purpose this is the and S. E.Jones, to aid them in their investigation as to the present Water Works and the capacity ! supply the demand for water, and the contingen ies by accidents or failure of the engineer ar machinest to continue to perform the service re quired. After a fair and full investigation of th whole subject and the opinion of the engineer and machinist above mentioned, that they determin ed machinery of our Water Works was in fair sondition, and with some improvements were amply sufficient to perform the work required t the corporation of Nashville for the next seven o ten years. That the large engine was working as well as when first built and creete.d The small mrine could be made subservient to the large on and there existed no real necessity for the in provement at this time. The committee agreein Henry W. Allen, editor and proprietor, nanimously in the foregoing, the next questio

intered into as before alluded to. We proceede to Cincienati and there had an interview with the President and Directors of the Niles Works, and explained to them that our mission was to cance e contract made with the corporation, A total amount of \$15,000 was finally agreed s a settlement. The corporation agreed to pa the amount. While we thought the amount a ful ne, yet we were unanimously of the opinion tha

t would result in saving to the corporation a ver tree amount of money. We argue that at present prices we have dor he best for the corporation in stopping this work at the present time, and ask your concurrence in

the plan of the United States Land Office. All the lands of the Government that have been acquired by purchase, forfeiture, confiscation or otherwise will be immediately rought into market at very reduced prices, The contemplated work would have cost over a payable in a series of years-thus putting it marter of a million of dollars, and there is no es in the power of every one to procure a home timating what the whole cost would amount to from 160 to 640 acres of land according to beg to state for your information, that one o the size of his or her family. Report of the Superintendent of Water

To the City Council of Nashpille: Your Sup atendent of Water-Works asks leave to submit the following report : Since his last report he ha ocen engaged in completing the cleaning out of he reservoir, and has completed the referred to in his last report. I have again reamod the laying of the eight inch pipe in College street, and hope in a few days to complete the ame. I have also relayed five hundred and fifty feet of three inch pipe on South Cherry street from Franklin street to the rear of the corporaion line. Owing to the great depth of the pipe on College street, caused by the frequent filling up of the street, the work of taking on the three inch pipe and laving the eight inch tipe is necessarily slow, taking much more time han that at the usual depth. Your Superinter ient would report several fire plugs out of order wing to the constant use by street sprinkler which are being repaired as fast as possible. I will be remembered that in a former report I dated there would be a surplus of seven er eight hundred feet of three inch ore street. I perceive by the action of advanced to 39 in elevator, with good demand but our honorable body that you have disposed not light supply. Ryesteady, 72 for prime. only of that, but passed, by resolutions, the laying | Corrox-Inactive, prices drooping middling 1360 of a much breater amount, to wit; On Jackson | 46. precise locality, but understood that the affair street, in the Second Ward, by the former Board, 400 feet ; on South Union, by the present Board, boro Pike, in the Seventh Ward, J. 450 feet; on round lot to arrive next week. Receipts 7,000 Martin street, in the Fourth Ward, 400 feet, heads, and for the week 32,000 head. Provisions, making in the aggregate 3,250 feet, say 2,450 feet | dull. to be provided for in carrying out the re-olution of your honorable body. There are yet other treets which should be supplied imme liately. One in particular, a portion of MeLeusore
